A Message from Administration

January 23, marked the 100th day of school for the 2016-2017 school year! The 100th day celebrates the various math concepts that can be taught using the number 100. From the very first day, kindergarten classes begin keeping track of the number of days they've been in school looking forward to the 100th day. Coffee stirrers or Popsicle sticks, ten of which become a "ten bundle," lay the ground work for counting by tens and ones. Students brought in bags which contained bags of 100 cars, pennies, buttons, etc., and teachers dressed up as if they were 100 years old! The students had a great time celebrating the 100th day of school.

Breakfast: 7:25 AM - 7:45 AM

WE NEED YOUR HELP!

During student drop-off in the morning:

- ◇ Supervision for students, other than the before school care program, does not start until 7:25 a.m.
- ◇ Please do not use your electronic devices during student drop off in the morning.
- ◇ **Please have your child exit the passenger side of the vehicle only.** Students exiting on the driver's side or from the back of the vehicle create a safety concern.
- ◇ When dropping students off on the bus ramp circle, please do not drop students off until you reach the part of the sidewalk where it divides into two separate paths and is in the direct vision of a staff member.
- ◇ School buses have the priority on the bus ramp. If you are following a bus on the bus ramp, you must stop and wait until the students are unloaded and the bus begins to move. Passing a school bus on the bus ramp is the same as passing a school bus out on the roads of Lee County.

Student Assignment 2017-2018

January 23—March 24, 2017

Hopefully by today, parents of currently enrolled students in Lee County Public School grades five, eight, and students in Pre-K attending Lee County Public Schools who are eligible for kindergarten for 2017/18, received their child's personalized application. If you did not receive a personalized application for your child, please contact Mrs. Curry here at Heights Elementary. The school phone number is listed below.

Those receiving the applications can save time by applying online! Please read the documents sent to you very carefully, and determine if you want to apply online, mail it back, or bring it to one of our offices in person. This is a nine-week application period. There is no need to stand in long lines the first few days since you have nine weeks to submit the application. All applications are processed as a group.

Parents of children who will be five on or before September 1, 2017, and who are not enrolled in one of the district's Pre-K programs must visit one of our offices to register for kindergarten for the 2017/2018 school year (bring registration requirements.) This should be done during the first application period (January 23—March 24) to increase the chances of being assigned to your preferred school. Brand new students cannot apply on-line, they must register in person.

There are **no automatic assignments**—parents need to register incoming kindergartners even if they have an older sibling already attending the preferred school. Please visit www.leeschools.net for registration requirements and Student Assignment Office locations. **Mrs. Curry, here at Heights Elementary, is available to answer any questions you may have. Classroom Tidbits

- Second grade had their Student Led Conferences during the week of January 23rd. Students were excited to share their data, goals, reading, and IB Portfolios with their parents and grandparents. Some even stayed to enjoy lunch with their children. We appreciate our parents!
- Fifth Grade is about \$5,000 from their goal to send our 5th grade students on their end of the year field trip in May. Thank you to everyone who has helped with or donated to our Fifth Grade trip.
- All 4th and 5th Grade students will take the Writing Florida Standards Assessment (FSA) on Tuesday, February 28th.

IB News

The IB focus for February are students who are **CARING** want people around them to be happy and are sensitive to their needs. They think about the world and work to take care of their community and the environment. They remember to treat others how they themselves would like to be treated.

How can parents help develop students who are *Caring at home*?

- Role model the caring behavior you would like to see in your child all the time. Your child has big eyes and ears and notices everything you do. Using kind words, helping people without being asked, and being an active listener all show your child that you care about people. Even a simple thing, like holding a door for someone, shows your child that you are aware of others around you and want to help them.
- Think about how your family can get involved with community organizations.
- Reduce, Reuse, Recycle, Compost.
- Smile.
- After reading a book, spend some time considering how the people in the book acted. Was someone in the book caring? All of the time or just some of the time? Were all of the characters in the book caring or just some of them?
