

A dozen reasons to choose the International Baccalaureate Primary Years Program

1. You want a curriculum focusing on higher-order thinking.
2. You want a curriculum incorporating a hands-on approach to learning.
3. You want your child to learn “how” to learn.
4. You want your child to produce a portfolio showcasing his or her learning.
5. You want your child to learn self-assessment.
6. You want your child to use technology as a learning tool.
7. You want your child to understand both the personal and social aspect of learning.
8. You want your child to have a connection with world affairs.
9. You want your child to understand his or her responsibility to the world at large.
10. You want your child to practice conversational Spanish.
11. You want your child to connect with a variety of cultures.
12. You want your child to love to learn.

"...teaching and learning with the brain and heart in mind."
